## A HERITAGE OF CHRISTIAN HOSPITALITY

Founded in 1950 by local churches, Pine Haven's mission, to care for our residents the way that Christ would, guides us today just as it did back then.

We are called by God to be of service to others, with love, compassion, and excellence, in Christ's name. Our staff is nurturing and compassionate, going out of their way to do the little things that make our residents feel special - like painting nails, taking special care with dressing, jewelry, hair and makeup, and simply spending time with residents.

You can feel the difference right away and see it on the smiling faces of staff, residents, and guests.

## CHRIST-CENTERED CARE TO MEET YOUR NEEDS

Pine Haven staff strive to meet each of our residents' individual needs. We take the time to get to know our residents, understanding each resident's preferences so that care can be customized for everyone.

We recognize that this is our residents' home and understand that our care must adapt to their needs. That's why we have adopted a "resident-centered" model of care. Staff work together to take care of the needs of every resident, ensuring the household functions smoothly and efficiently.

Residents are aided by the skilled staff to make sure they feel comfortable, safe, and well-cared for in their home.

## MEMORY CARE

*"Though she may forget,  
I will not forget you.  
I have engraved your names  
in the palms of my hands."  
- Isaiah 49:15-16*

# CARE AND LIVING ENVIRONMENTS SPECIFICALLY DESIGNED FOR MEMORY CARE

People who have problems with memory, language or thinking, referred to by the medical term “dementia”, have unique needs and require specialized care.

Beginning with our Covenant Home, our first memory care home, Pine Haven has designed our memory care households specifically to address these needs.

***He hath remembered His covenant for ever, the word He commanded to a thousand generations. -Psalms 105:8***

We named it Covenant Home to remember God’s covenant with His people which has been demonstrated through the gift of Jesus and His faithfulness to those who accept and follow Christ.

This covenant is at the heart of our mission and vision, which drives us to provide a sense of safety and security – the comfort of home – to all our residents.

Our memory care wings have been specifically designed – from the architecture to the staff training – to provide a safe, nurturing environment for memory care residents.

We provide:

- Understanding and empathy – All staff completes specialized dementia training to help understand the perspective of the resident for improved, compassionate care that helps minimize and reduce behaviors.
- Comfort of home – Our goal is to help each resident achieve the sense of comfort one feels when they’re truly at home. We even have a custom-built sensory room, to help residents safely explore and stimulate all five senses - it can be calming or stimulating, depending upon the individual resident’s needs.
- Resident-centered care – Residents’ needs are what decide their schedule. We work around their needs.
- Directed activity programming – Programs are designed to keep residents engaged through mind fitness exercise and cognitive training. We offer many therapy programs, including visits from therapy pets.

Other benefits & amenities include:

- Strong, consistent volunteer base from the church and community provide added care

- Nurse available, round-the-clock
- Hymn sings, church services & devotions
- Aviary filled with beautiful birds
- Beauty salon/barber shop onsite
- Walk-in spa bath available
- Onsite podiatrist visits regularly
- Rooms available for family activities

## Serving All Stages of Memory Care

In 2011, the original Covenant Home opened at our Giddings Avenue Campus. This home provided care to a variety of memory care stages. In 2015, we expanded to offer four different households for memory care:

- Our original Covenant Home at Giddings Avenue provides care to those with early stage dementia.
- Covenant Home at our Haven Drive campus includes **two** households that offers care to those with more advanced stages of dementia.

- Faith Home on our Haven Drive campus provides a caring compassionate home to those with **both** high physical acuity and dementia care needs, within an assisted living setting.

In late 2018, we expanded our original, Giddings Avenue Covenant Home, adding another 29 resident rooms, and creating a larger activity room and a new dining room to better serve residents’ needs and build engagement. With this completed, Pine Haven offers a total of 83 resident rooms specifically dedicated to memory care.
